TTL414AP | Targus 14” Revolution Topload TSA

The Targus Revolution Topload is designed to fit up to 14” widescreen laptops and any tablets. The main compartment has separate file compartment dedicated for your documents, files or magazines. The front zipped compartment provides a comprehensive business workspace to store items you may need such as your business cards, phones, pens, USB, wallet, or more. The back trolley sleeve makes it easy to stack this case on top of rolling luggage for travel. This case is designed with US Checkpoint- Friendly mobile features where you can clear US airport security without removing your labtop from your case. This feature helps quicker airport processing and provides greater privacy & security. There is also a SafePORT Air Cushion system for premium labtop protection. This case includes a convenient back trolley sleeve that makes it easy to stack on top of rolling luggage for easy travel. It is your perfect companion for your everyday or business travel.
