

Targus

# Education Series

DESIGNED FOR EDUCATION  
BUILT TO LAST

## PROTECTION. IT'S WHAT WE'RE KNOWN FOR.

At Targus we're not afraid of tough treatment, and our experience in the education market means we understand the demands of schoolyard rough and tumble.

There's simply no better way to protect your laptop and save on repair costs, paperwork, insurance premiums and downtime.

Protection is at the heart of what we do, it's what we've always done, and what we'll always continue to do.

Australia Freecall 1800 641 645, New Zealand 0800 633 222 to find your nearest stockist or to discuss custom designed cases. Email: [infoaust@targus.com](mailto:infoaust@targus.com)

## Why choose Targus for your school?

- 1 **Pioneers of the laptop carry case category.** Committed to working closely with schools, corporations, education resellers and leading manufacturers like Acer, Apple, Dell, Fujitsu, HP, Lenovo, Samsung and Toshiba.
- 2 Targus Education cases are **independently drop and compression tested.**
- 3 A safe choice with **local warranty** and **customer service support.**
- 4 Celebrating more than 30 years and still **Australia's #1** best selling education tech case brand.
- 5 Targus offers a wide variety of tech cases and accessories to suit **all levels of protection, connectivity and budgetary** needs.

T.A.N.C.

## SUPERIOR PROTECTION WITH SHOCK-ABSORBING LAYERS

### FEATURES AND BENEFITS:

- Patented T.A.N.C. protection system designed & engineered in Australia<sup>^</sup> Patent Application No.2010200741
- Clever device ejection system for easy retrieval
- Handles and removable shoulder strap for ergonomic carrying
- Accessories pocket for adaptor/USB and pen loops
- Digi-pass or USB stick pocket
- Rear large size ID window – for student personalisation
- Available in various sizes

### 5 Layers of Protection

- 1. Heavy-duty fabric:** Protects against wear & tear.
- 2. Honeycomb shell:** Protects against penetration.
- 3. Shock-absorbing foam:** Absorbs drop impacts.
- 4. Padded foam:** Holds and cushions laptop.
- 5. Durable lining:** For laptop scratch resistance.

## Strength Tested

### Compression Tested:

Protects against school yard drops and pressures of up to 40kg\*\* caused by typical day to day student usage. T.A.N.C. can even hold up to 120kg\*\* fully distributed load, making it our most protective case yet.

### Drop Tested:

At Targus we're so confident in the strength of our carry cases that we commissioned Access UTS Pty Ltd, wholly owned by University of Technology Sydney (UTS), to independently test our cases.

Drop tests were conducted using a tri-axial accelerometer inserted into the carry cases. Each case was subject to 3-5 drops (12 drops for T.A.N.C 4.0/5.0) at the height of no less than 0.8 metres, the approximate height of a standard desk, to measure their cushioning and protective performance. Responses were measured in "gs" a value of force, tabulated and averaged. The lower the g-force measurement, the better the protection.

\*\*Testing undertaken through Access UTS Pty Ltd, wholly owned University of Technology Sydney. T.A.N.C. 4.0 testing conducted in 2013. T.A.N.C. 2.0, Hard-sided case, standard laptop case testing conducted in 2010. All gs quotes are rounded values.

## STYLUS AND HUBS

## ADD THE PERFECT ACCESSORY

### Stylus

Targus Styli extend users' hand, allowing them to sketch, write and create on devices with greater freedom. Providing greater accuracy and comfort, a stylus make for a great addition to tablets and 2-in-1 devices.

### Hubs

Turn one USB port into multiple with Targus USB hubs. Perfect for tablets, laptops and 2-in-1 devices that come with limited ports. Use hubs to connect smartphones, docking stations, flash drives and more.

PRIVACY SCREEN

## PROTECT FROM PRYING EYES

### FEATURES AND BENEFITS:

- Reduced glare via a low-reflective coating
- Anti-microbial coating
- Available in sizes to fit most laptops and devices
- Touchscreen compatible
- Helps prevent scratches on screens

Blocks angled viewing from prying eyes

Boosts Security

Enhances Productivity

Available across a range of devices

## Privacy Screens

### Protect Your Privacy:

Targus Privacy Screens narrow the viewing angle so data is only visible from directly in front of the screen. Onlookers to either side only see a dark, unclear screen meaning you can work comfortably and productively wherever you are.

### Any Screen, Any Size:

Targus Privacy Screens are available to fit tablet, laptop and desktop monitor screens from 11.6" up to 30" including the latest devices. They also act as a dust-resistant screen protector to prevent scratches and damages to your device.

With students expected to complete the NAPLAN test online from 2019 and with NAP (National Assessment Program) supporting BYOD, the security and privacy of on-screen data has become more important than ever. Privacy Screens help meet schools' security needs whilst boosting student confidence that no one else can view their on-screen work.

Touch Screen Compatible

Anti-Microbial Coated

Anti-Glare & Non-Reflective

## DOCKING STATION

## SINGLE CABLE CONNECTIVITY

### FEATURES AND BENEFITS:

- Universal docking stations suits all models of PCs and devices
- A single USB 3.0 cable will connect you with dual monitors, mouse, keyboard, network and other devices
- Boost work productivity via a dual screen workspace

### Other docking stations and a travel version also available.

See our website for details.

Cross platform compatible

Create a Dual Screen Workspace

Connect to all your peripherals via USB 3.0

## POWER
