

QUICK FACTS

Global Executive Cases

•Protect your investment

#1 cause of loss to notebook owners is accidental damage - most frequently occurring during transit. Targus' Global Executive cases can significantly help reduce this.

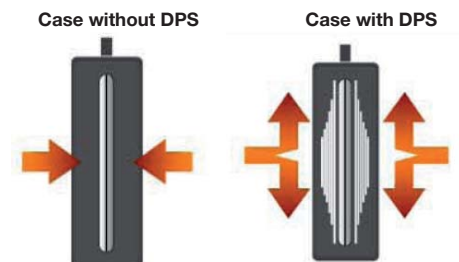

•Patented SafePORT® Air Cushion System

Provides up to **5 times** greater protection than standard foam padding

•Minimise damage through the Dome Protection System™ (DPS)

Minimise screen bruising or other screen damage with Targus' Dome Protection System™ (DPS) - significantly reduces pressure on vulnerable centre of notebook screen by dispersing it to stronger outside edges. Testing shows DPS protects front panel of notebook 57% better and back panel 500% better than a carrying case without DPS.

DPS disperses damaging external weight forces away from the vulnerable centre of the notebook

•Standardise

Fits all brands of notebooks with up to 15.4" screens and 15" widescreens and offers range of options while maintaining one look.

•Global availability

Standardise across divisions and regions

•Special features increase convenience for users

Retractable light, retractable passport/boarding pass holder, water bottle holder.
