Targus Lights Up the Notebook with the Release of a New Travel USB 2.0 4-Port Hub with Notebook Light

*Targus Asia Pacific Ltd., Hong Kong – August 07, 2007* - Targus® Inc., maker of the world's top-selling notebook computer cases and accessories, today launched a unique travel hub that combines useful functions with practical functionality.

The Travel USB 2.0 4-Port Hub with Notebook Light allows a notebook user to simultaneously connect up to four USB devices such as mice, keyboards, USB drives and MP3 players and to illuminate the keyboard. The integrated light swivels 180° and maximizes keyboard illumination while the built-in notebook clip conveniently attaches to a notebook screen and provides overhead lighting to the keyboard. A 2ft. extension USB cable is included to extend the hub's functionality as a clip-on light.

“The new Targus Travel USB 2.0 4-Port Hub with Notebook Light is perfect for the traveler on-the-go. Executives and commuters need an easy access to all their equipment without carrying numerous plugs and adaptors,” said Peter Rossdeutscher, President, Targus Asia-Pacific Ltd. “Our hub has been designed to ensure maximum convenience and portability. Both compact and lightweight, it is compatible with most computer's equipment and does not require an AC adapter, making it ideal for travel,” added Mr Rossdeutscher.

**Product Features:**

- Expandability – Instantly expand a computer's USB ports and connect up to four devices simultaneously.
- High-Speed USB – Supports high-speed transfer rates of up to 480 Mbps
- Functional Design – Designed to either connect directly to a notebook or to clip on a screen while using the included 2 foot extension USB cable
- Plug and Play – No drivers required, simply plug into your notebook's USB port
- Notebook Powered – Hub draws power from directly from a notebook.

Targus' new Travel USB 2.0 4-Port Hub with Notebook Light (part number: ACH76AP) has a Manufacturer's Suggested Retail Price (MSRP) of \$24.99 and includes a limited one-year warranty.
