

PA243U | Targus Laptop Portable LapDesk™

The Targus laptop Portable LapDesk™ is a folding tray that supports a laptop computer or PDA keyboard while on your lap, plane service tray or other surfaces that require more stabilization. The thin design allows the LapDesk™ to be packed easily in a laptop case along side the computer, while it is sturdy enough to support the heaviest of laptops. The LapDesk™ also comes featured with an adjustable foot that can improve the cooling efficiency of your laptop by raising the back edge and increasing the airflow around the computer.

Perfect lightweight design weighs just 22 ounces for use on an airplane, at home and at work

Nonskid surface holds a laptop in place; can be used as a tilt stand with 5 adjustable angles

Ventilation channels provide airflow under laptop for cooler operation
