

TCG650 | Targus 16" CityGear Chicago Laptop Backpack

The Targus CityGear Backpack is perfect for students or professionals. Designed to fit laptop screens up to 16", this backpack features a padded laptop compartment to protect your laptop and securely hold it in place. Featuring a sleek design with reflective material accent on the front pocket, side pockets, and shoulder straps, the backpack includes front organizational pockets with key clip, pen loops, mobile phone pocket, headphone port and multiple document and accessory storage areas. Inside, the case features a dedicated iPad® pocket with soft, scratch-resistant lining for protection against scratches, dust, and water. The Targus CityGear Backpack has the ultimate amount of storage for the heavy packer.

Notebook sleeve fits notebooks with up to 16" screens

Reflective material on front panel

Additional features include: removable mobile phone pouch, side water bottle pocket, rubberized zipper pulls, and comfortable shoulder straps with air mesh padding

Main compartment for files includes soft rack for better organization

Front zippered pockets for additional storage also include pen loops, key clip, business card holder and padded CD player pocket with line-out jack for headphones

Secondary pocket for accessory storage

Scratch resistant pocket fits iPad, e-readers and most tablets up to 10"

Side pocket with protective nyflex lining for safe storage of your PDA or sunglasses against scratching
