

TARGUS NOTEBOOK CHILL MAT™

WARNING: Keep all items, such as loose clothing, jewelry and long hair, away from the fans to avoid possible personal injury or damage to the Chill Mat or your computer.

Introduction

Congratulations on your purchase of the Targus Notebook Chill Mat. The Chill Mat is a cooling device for your notebook computer. With two built-in fans, the Chill Mat dissipates thermal heat, reducing your computer's overall temperature and increasing the performance of your high-bandwidth devices.

It's thin yet durable design is both portable and sturdy, supporting the weight of any notebook computer.

To use the Chill Mat:

- 1 Place the Chill Mat on a work surface, such as a table, desktop or your lap.
- 2 Position your notebook computer on top of the Chill Mat.
- 3 Connect one end of the supplied USB cable into the Chill Mat's USB port and the other end into an available USB port on your computer.
- 4 Move the Chill Mat's power switch to the "on" position.

You are now ready to use your computer with the Chill Mat.

Product Registration

Targus recommends that you register your Targus accessory shortly after purchasing it.

Go to: <http://www.targus.com/registration.asp>

You will need to provide your full name, email address, phone number, and company information (if applicable).

Warranty

Targus warrants this product to be free from defects in materials and workmanship for one year. If your Targus accessory is found to be defective within that time, we will promptly repair or replace it. This warranty does not cover accidental damage, wear and tear, or consequential or incidental loss. Under no conditions is Targus liable for loss of, or damage to a computer; nor loss of, or damage to, programs, records, or data; nor any consequential or incidental damages, even if Targus has been informed of their possibility. This warranty does not affect your statutory rights.

Warranty Registration at: <http://www.targus.com/registration.asp>

Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
