

ALL-IN-ONE UNIVERSAL POWER ADAPTER

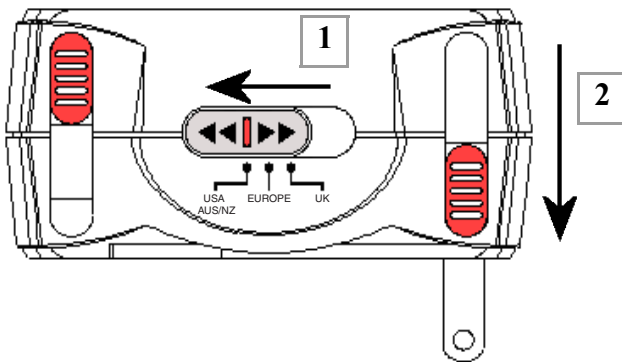

Introduction

Congratulations on your purchase of the Targus All-in-One Universal Power Adapter. The adapter is four AC power adapters in one and provides a child protection safety shutter, 100-110/220 volt AC indicator light and surge protector. You can use the All-in-One Universal Power Adapter with any product that plugs into a 100-110 or 220 volt power outlet, such as a notebook computer, video camera, cellular phone, battery charger, hair dryer, coffee maker or travel iron.

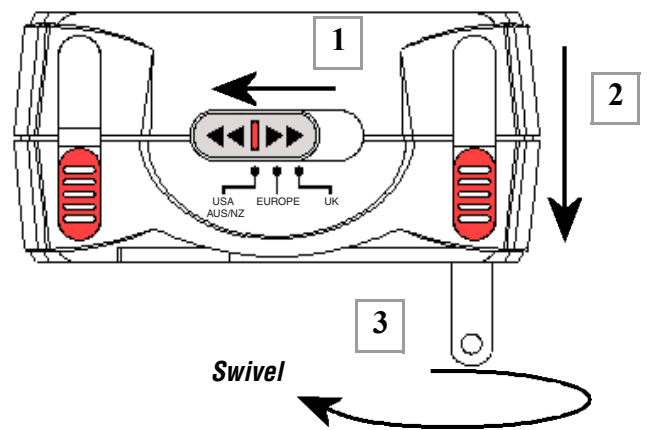

Using the All-in-One Universal Power Adapter

To use the All-in-One Universal Power Adapter, you must set the adapter's plug to the proper setting for the region in which you are using the adapter. The adapter's safety feature then temporarily locks out the alternate plug settings. To set the adapter, hold it with the center selection switch facing you, so that you can read the regional settings. Then, move the switches to the proper position for your region, as indicated by the diagrams below. After setting the adapter, you can plug it into an available power outlet and connect your device to the adapter.

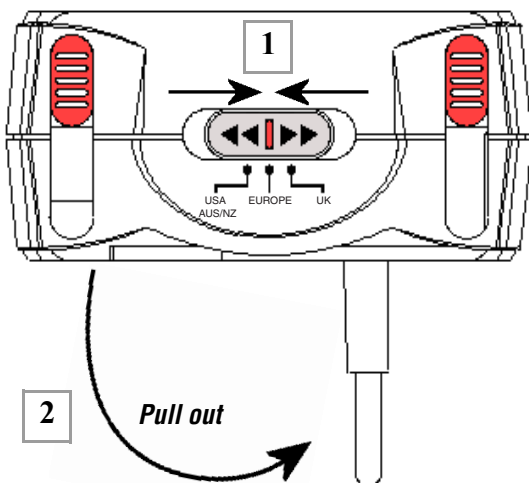

**North and South America, Taiwan and Japan
(USA/AUS/NZ setting)**

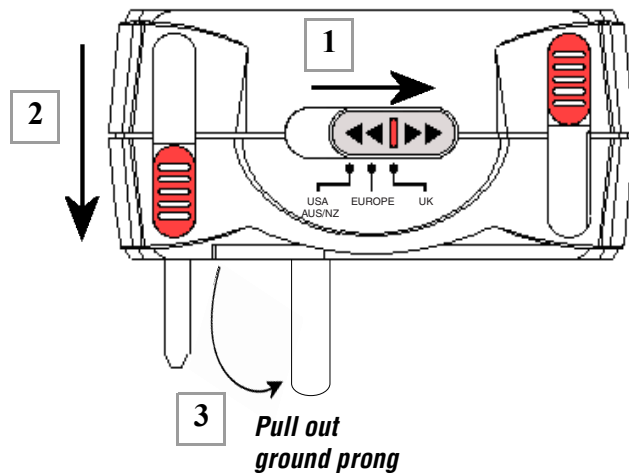

**Australia, New Zealand and China
(USA/AUS/NZ setting)**

**Europe
(EUROPE setting)**

**United Kingdom, Singapore and Hong Hong
(UK setting)**

WARNING: The All-in-One Universal Power Adapter does not convert voltage. Make sure that the power outlet you intend to use has the proper voltage to run your device BEFORE using the adapter, to avoid possible damage to your device or other safety hazards.
