

TFD131AP | Targus Prism Hand Grip Case for iPhone® 6 Plus

The Targus Prism Hand Grip Case for iPhone 6 Plus is an outstanding and innovative design from the Targus Studio.

A unique embedded strap on the back of the case acts both as a secure hand-strap and a viewing stand.

The strap very easily converts into a stable viewing stand, allowing for comfortable landscape and portrait viewings.

The magnetic leather stand, once replaced in its original position on the back of the case, becomes very discreet. The case remains sleek and slim and can be stored in a pocket or a bag.

The Hand Grip is an elaborated balance of ultimate functionality and clever design. Featuring a luxury leather finishing, the case is pleasant and comfortable to carry

Built-in viewing stand & hand-strap solution
